INTRODUCTION

A consolidated schedule of post adjustment classifications and threshold figures used for calculating rental subsidies (or deductions) is attached.

Names of countries and areas, which appear in English alphabetical order, are indexed in French in the list attached to the schedule.

In cases where only one post adjustment classification is shown for a country, normally for the capital city, that classification will be applicable for all duty stations within the country.

This schedule is effective **1 April 2026**, unless otherwise indicated, and supersedes any schedule previously published. It is available on the ICSC home page <http://icsc.un.org>

On trouvera ci-joint un barème mis à jour du classement des lieux d'affectation aux fins d'ajustements des indemnités de poste et des seuils aux fins du calcul des allocations (ou déductions) de logement.

Les noms des pays et localités figurent par ordre alphabétique anglais. On trouvera à l'index annexé au barème les noms en français.

Dans les cas où une seule classe est indiquée pour le pays, en général pour la ville capitale, cette classe s'applique à tous les lieux d'affectation dans le pays.

Sauf indication contraire, le barème ci-joint entre en vigueur le **1^{er} avril 2026** et remplace tous les barèmes déjà parus. Il est disponible sur le site internet de la CFPI: <http://icsc.un.org>

IV. 0.5% Rule

1. The results of the application of the 0.5% rule for group I duty stations are included in the attached Consolidated Post Adjustment Circular.

V. The application of the modified 0.5% Rule for group I duty stations

2. At its 96th session, the International Civil Service Commission (ICSC) approved the application of the modified 0.5 per cent rule for group I duty stations that meet two conditions: (a) the currency of the duty station is neither any of the currencies of headquarters duty stations (that is, the US dollar, Swiss Franc, Euro, or British Pound), nor pegged, in a fixed or otherwise strict manner, to them; and (b) the share of in-area expenditures incurred in non-local currencies by reference to the benchmark net take-home pay (NTP) based on the results of the latest cost-of-living survey is at least 15 per cent. For such duty stations, the monthly multiplier between reviews is obtained by keeping two separate shares of benchmark NTPs, expressed in US dollar and in local currency, stable, with a maximum fluctuation of plus or minus 0.5 per cent, with the share of the NTP expressed in local currency adjusted for changes in the exchange rates only, whereas the share of NTP expressed in US dollars is insulated from local currency fluctuations. The share of the NTP expressed in US dollars is obtained as the share of in-area expenditures, incurred in non-local currencies, of the benchmark NTP at the time of survey implementation.

3. In accordance with the provision of the application of the modified 0.5 per cent rule for group I duty stations, as outlined above, the post adjustment multipliers applicable for **Hungary** and **Romania**, with effect from 1 April 2026, are included in the attached Consolidated Post Adjustment Circular.

VI. Cost-of-living surveys

4. The results of cost-of-living surveys for duty stations listed in Table 1 are included in the attached Consolidated Post Adjustment Circular.

Table 1: List of surveys by duty station for April 2026

Duty station	Type o survey	Date of survey
Algeria	Place-to-place	October 2025
Comoros	Housing	November 2025
Congo	Housing	November 2025
Ghana	Place-to-place	September 2025
Guatemala	Place-to-place	September 2025
Jerusalem	Place-to-place	November 2025
Tanzania, United Rep. of	Place-to-place	November 2025
Vanuatu	Place-to-place	October 2025

VII. Duty Stations with Personal Transitional Allowance (PTA)

5. Under the modified operational rules as described in the document **ICSC/CIRC/GEN/04/2024** published on 5 July 2024, the PTA is calculated every month to ensure that the Net Take-Home Pay (NTP) for existing staff does not decrease but also does not exceed its initial maximum setting in the first month of the new application. The operational rule was further modified by the Commission in 2025 as prescribed in document **ICSC/CIRC/GEN/05/2025**. For Gap Closure Measures (GCM) implemented before November 2025, the rule as prescribed in document **ICSC/CIRC/GEN/04/2024** is maintained except for the duration of the PTA which the Commission capped to a maximum of **36 months** provided that a minimum advance notice of 12 months is issued. For these GCMs, the PTA will bridge the full gap between the new benchmark NTP and the prevailing NTP at the time of implementation for the first six months. Following this period, the NTP for existing staff will be gradually reduced by **3%** every **4 months**, with the PTA adjusted monthly to reflect the difference between the NTP for existing staff and the newcomers.

6. The parameters governing the PTAs, effective November 2025, have been revised in accordance with document **ICSC/CIRC/GEN/05/2025**, issued on 15 August 2025. The modifications include: the initial grace period is adjusted from **6 to 3 months**. Following the grace period, the NTP for existing staff will be gradually reduced by **4%** every **3 months** with the PTA adjusted monthly to reflect the difference between the NTP of existing staff and the newcomers. Also, the **maximum duration** is now set at **24 months**, after which PTA is discontinued. The PTA became applicable for **Ghana and Tanzania, United Rep. of** due to low survey results implemented in April 2026. Table 2 provides a summary of all PTAs in effect as of 1 April 2026. The PTA starting date indicates which of the PTA adjustment mechanisms should be used.

7. It should be noted that the PTA is supposed to be paid **in addition to** the regular post adjustment multiplier and thus should be taken into account in determining all other entitlements ordinarily affected by post adjustment, such as rental subsidy, settling-in grant, spousal allowance etc. PTA should be paid only to staff on post, on or before its starting month. Staff joining the duty station after the PTA starting month are not eligible to receive the PTA.

IX. Revised rental subsidy thresholds for linked duty stations

10. The revised rental subsidy thresholds for the following duty stations have been established, effective 1 April 2026 as listed in Table 3, based on the new cost-of-living survey, to which these duty stations are linked for purposes of post adjustment.
