INTRODUCTION

A consolidated schedule of post adjustment classifications and threshold figures used for calculating rental subsidies (or deductions) is attached.

Names of countries and areas, which appear in English alphabetical order, are indexed in French in the list attached to the schedule.

In cases where only one post adjustment classification is shown for a country, normally for the capital city, that classification will be applicable for all duty stations within the country.

This schedule is effective **1 June 2022**, unless otherwise indicated, and supersedes any schedule previously published. It is available on the ICSC home page <http://icsc.un.org>

On trouvera ci-joint un barème mis à jour du classement des lieux d'affectation aux fins d'ajustements des indemnités de poste et des seuils aux fins du calcul des allocations (ou déductions) de logement.

Les noms des pays et localités figurent par ordre alphabétique anglais. On trouvera à l'index annexé au barème les noms en français.

Dans les cas où une seule classe est indiquée pour le pays, en général pour la ville capitale, cette classe s'applique à tous les lieux d'affectation dans le pays.

Sauf indication contraire, le barème ci-joint entre en vigueur le **1er juin 2022** et remplace tous les barèmes déjà parus. Il est disponible sur le site internet de la CFPI: <http://icsc.un.org>

IV. Special measures to mitigate the negative impact of the COVID-19 global pandemic on post adjustment classifications of group I duty stations

1. Given that the ICSC has suspended its survey programme as a result of the disruptions in global markets, and the attendant lockdowns, both legally established and de facto, due to the impact of the COVID-19 pandemic, the ICSC Chair has decided, under his delegated authority, to approve the promulgation of a special measure for group I duty stations where staff incur a significant share of local expenditures in non-local currencies, with effect from 1 June 2020, until further notice. This measure entails a modification of the 0.5 percent rule, to guarantee stability of each of two separate portions of the net take-home pay (NTP), one set in local currency and the other in US dollars. The proportions of the two NTP components are based on the proportions of local expenditures incurred in local and non-local currencies, as measured with the most recent place-to-place survey at the duty station. See document ICSC/CIRC/GEN/06/2020 for details. Please note that five duty stations were found to be eligible for this special measure: Bulgaria, Croatia, Hungary, Poland and Romania. For June 2022 this special measure was applicable for all the five duty stations, as it resulted in higher post adjustment multipliers than those based on the application of the 0.5 percent rule.

V. Duty Stations with Personal Transitional Allowance (PTA)

2. Under the existing system of operational rules, the PTA is adjusted periodically until it is phased out. During an adjustment month, the new PTA is calculated by reducing the pay index for existing staff by 3 per cent, and then subtracting the prevailing pay index. Table 1 is a summary of all PTAs in effect as of 1 June 2022.

3. In line with the special measures, ICSC/CIRC/GEN/05/2020, to mitigate the negative impact of COVID-19 pandemic on post adjustment classifications of group II duty stations, the PTA revision cycle is frozen as of 1 April 2020 and there will be no further downward adjustment of the PTA for the nine duty stations in Table 1, until the special measures are discontinued or the cost-of-living evolution naturally closes the PTA gap, whichever happens first. The existing PTA will be applied to all staff at the duty station (not just staff on post before the date of implementation of the survey results) as of 1 April 2020 and the revision cycle will resume its regular course upon the lifting of the special measures. Staff on post after the first implementation of the PTA, but before 1 April 2020, are not eligible for the PTA for the period of service before 1 April 2020, the date that the special measure came into force. Table 1 also provides the applicable start date of the PTA to all staff.

Table 1: Summary of personal transitional allowances (PTAs), as of 1 June 2022

Duty Station	Existing PTA	PTA starting date	All staff eligible from
Comoros	8.9	1 April 2022	1 April 2022
Congo	9.0	1 April 2022	1 April 2022
Gabon	7.8	1 March 2022	1 March 2022
Maldives	3.1	1 June 2020	1 June 2020
Mexico	5.7	1 December 2021	1 December 2021
Niger	6.1	1 December 2021	1 December 2021
Qatar	10.8	1 October 2019	1 April 2020
Russian Federation	2.9	1 October 2019	1 April 2020
Zimbabwe	21.8	1 February 2020	1 April 2020

VI. One Month Rule

4. Due to sustained substantial inflation over the past six- and twelve-month periods, the one-month rule continued to be applicable for **Lebanon, Sudan** and **Suriname**. Under this rule, the post adjustment multipliers of these duty stations are reviewed, on a monthly basis, during the period of substantial inflation. The application of the one-month review resulted in higher multiplier for **Lebanon** but did not for **Sudan** and **Suriname** due to the offsetting impact of the significant devaluation of their currencies relative to the U.S dollar.
