INTRODUCTION

A consolidated schedule of post adjustment classifications and threshold figures used for calculating rental subsidies (or deductions) is attached.

Names of countries and areas, which appear in English alphabetical order, are indexed in French in the list attached to the schedule.

In cases where only one post adjustment classification is shown for a country, normally for the capital city, that classification will be applicable for all duty stations within the country.

This schedule is effective **1 October 2022**, unless otherwise indicated, and supersedes any schedule previously published. It is available on the ICSC home page <http://icsc.un.org>

On trouvera ci-joint un barème mis à jour du classement des lieux d'affectation aux fins d'ajustements des indemnités de poste et des seuils aux fins du calcul des allocations (ou déductions) de logement.

Les noms des pays et localités figurent par ordre alphabétique anglais. On trouvera à l'index annexé au barème les noms en français.

Dans les cas où une seule classe est indiquée pour le pays, en général pour la ville capitale, cette classe s'applique à tous les lieux d'affectation dans le pays.

Sauf indication contraire, le barème ci-joint entre en vigueur le **1er octobre 2022** et remplace tous les barèmes déjà parus. Il est disponible sur le site internet de la CFPI: <http://icsc.un.org>

IV. Special measures to mitigate the negative impact of the COVID-19 global pandemic on post adjustment classifications of group I duty stations

1. Given that the ICSC has suspended its survey programme as a result of the disruptions in global markets, and the attendant lockdowns, both legally established and de facto, due to the impact of the COVID-19 pandemic, the ICSC Chair has decided, under his delegated authority, to approve the promulgation of a special measure for group I duty stations where staff incur a significant share of local expenditures in non-local currencies, with effect from 1 June 2020, until further notice. This measure entails a modification of the 0.5 percent rule, to guarantee stability of each of two separate portions of the net take-home pay (NTP), one set in local currency and the other in US dollars. The proportions of the two NTP components are based on the proportions of local expenditures incurred in local and non-local currencies, as measured with the most recent place-to-place survey at the duty station. See document ICSC/CIRC/GEN/06/2020 for details. Please note that five duty stations were found to be eligible for this special measure: Bulgaria, Croatia, Hungary, Poland and Romania. For October 2022 this special measure was applicable for all the five duty stations, as it resulted in higher post adjustment multipliers than those based on the application of the 0.5 percent rule.

V. Discontinuation of special measures to mitigate the negative impact of the COVID-19 global pandemic on post adjustment classifications of all duty stations

2. The provisions of the special measures to mitigate the negative impact of the COVID-19 global pandemic on the post adjustment classifications of both the group I and group II duty stations, as outlined in ICSC/CIRC/GEN/06/2020 and ICSC/CIRC/GEN/05/2020 respectively, will be discontinued as of **1 February 2023**. Details of the discontinuation scheme are outlined in document ICSC/CIRC/GEN/05/2022 issued on 30 September 2022.

VI. Cost-of-living surveys

3. The results of cost-of-living surveys for duty stations listed in Table 1 are included in the attached Consolidated Post Adjustment Circular.

Table 1: List of surveys by duty station for October 2022

| Duty station | Type of survey | Date of survey |
|---------------------|-----------------------|-----------------------|
| Belarus | Housing | May 2022 |
| Cameroon | Housing | May 2022 |
| China, Macao (SAR) | Place-to-place | May 2022 |
| Ecuador | Place-to-place | May 2022 |
| Kuwait | Housing | May 2022 |
| Lesotho | Place-to-place | May 2022 |
| Mongolia | Place-to-place | May 2022 |
| Nepal | Place-to-place | April 2022 |
| Peru | Place-to-place | May 2022 |
| Rwanda | Housing | April 2022 |

VII. W40 Measure

4. The waiver of the 40 per cent of rent limit on rental subsidies **is no longer applicable** for **Lesotho**, effective 1 October 2022.

VIII. Duty Stations with Personal Transitional Allowance (PTA)

5. Under the existing system of operational rules, the PTA is adjusted periodically until it is phased out. During an adjustment month, the new PTA is calculated by reducing the pay index for existing staff by 3 per cent, and then subtracting the prevailing pay index. Table 2 is a summary of all PTAs in effect as of 1 October 2022.

6. In line with ICSC/CIRC/GEN/05/2022 to discontinue the special measures provided in ICSC/CIRC/GEN/05/2020, to mitigate the negative impact of COVID-19 pandemic on post adjustment classifications of group II duty stations, the PTA revision cycle will resume as of 1 February 2023, meaning that the revision cycle of all existing PTAs would resume from when and at what level they were originally frozen. Furthermore, as of 1 February 2023, new promulgations of the PTAs will be granted only to existing staff; not to new staff after 1 February 2023. That is, all existing PTAs that have been frozen by special measures, as well as their applicable revised levels, will continue to be paid to all staff on post at the concerned duty stations before 1 February 2023, until they are phased out. Table 2 also provides the applicable start date of the PTA to all staff.

IX. One Month Rule

7. Due to sustained substantial inflation over the past six- and twelve-month periods, the one-month rule continued to be applicable for **Argentina, Lebanon, Sri Lanka, Sudan, and Türkiye**. Under this rule, the post adjustment multipliers of these duty stations are reviewed, on a monthly basis, during the period of substantial inflation. The application of the one-month review resulted in higher multiplier for **Lebanon** and **Sri Lanka** but did not for **Argentina, Sudan** and **Türkiye** due to the offsetting impact of the significant devaluation of their currencies relative to the U.S dollar.

X. Ten-Point Rule

8. The application of the One Month Rule triggered the 10-point rule for **Sudan** effective **1 October 2022**. In accordance with this rule, the existing multiplier for this duty station will be maintained for four months pending completion of a place-to-place cost-of-living survey. It should be noted that, in the absence of cost-of-living survey results, the existing post adjustment multiplier would be reduced by 10 points, effective **1 February 2023**.
